## Project Title: Taylor Swift

This website will show the life and career of Taylor Swift. The homepage will provide a general biography and overview of her career, and it will be separated into different pages for her albums which will each reflect the aesthetic of each album.

- Home Page/ Intro: large picture of her and her general biography with a menu to click through albums
- Taylor Swift Debut/ Early Career- each of these pages will be designed based on the cover art/aesthetic of the album. They will all provide general information about the album, a picture of the album, and the list of songs
- Fearless
- Speak Now
- Red
- 1989
- Reputation
- Lover
- Folklore and Evermore
